

# WEB DESIGN *Services*

Redesign of Funktiondesignstudio.com using its current website architecture. Along with award-winning design, you know better than most that the most successful projects have a strategy, an understanding of the client's objectives, client guidance, and an approval process. The investment is displayed in Project Management below.

## WHY SQUARESPACE?

Squarespace is a self-contained platform that works seamlessly and is fully managed. There's never any need to update software, plugins, or widgets; patch security vulnerabilities; or worry that changing one component might break something else.

The benefits for Funktion Design:

- WYSIWYG editing
- Built-in SEO
- Responsive design for mobile
- Launched in 2003
- 24/7 award-winning support

\*Website hosting is not included.  
Approximately \$18/month
